

**SECRET**

9 January 1952

**MEMORANDUM FOR: The Director**

**From: Legislative Counsel**

1. Reference is made to your letter of 4 January 1952 to Senator Brien McMahon, Chairman of the Joint Committee on Atomic Energy.
2. Mr. Borden, Director of the staff of the Committee, has just called to ask if they could be supplied with the names of the "three eminent engineer-scientists" referred to in paragraph 4 of the above letter.
3. If we supply them with these three names, Mr. Borden wishes to know whether there would be any objection in informing the Committee of the names, or whether you desire to have the information restricted to Senator McMahon.

Walter L. Pforzheimer
